

# Vishal (Frontend Developer)

Portfolio: codingduniya.com

Github: vishal050506

Email: vishal050506@gmail.com

Mobile: +91-8930-56-56-46

## EDUCATION

- **Gateway Institute Of Engineering and Technology, DCRUST** Sonipat, India  
*Bachelor of Technology - Computer Science Engineering; GPA: 7.75* July 2021 - present  
*Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Computer Networking, Databases*

## SKILLS SUMMARY

- **Languages:** Python, C, C++, JavaScript, SQL, JAVA, HTML5, CSS, TypeScript
- **Frameworks:** React, AngularJS, ExpressJS, NodeJS, BootStrap, Tailwind CSS
- **Tools:** Visual Studio, GitHub, Pycharm, MS Office, Canva, Adobe Photoshop
- **Platforms:** Linux, Web, Windows, MAC OS
- **Soft Skills:** Leadership, Event Management, Writing, Public Speaking

## EXPERIENCE

- **META - INTERN** Remote  
*Frontend Developer (Part-time)* May 2022 -DEC 2022
  - **Responsive Web Applications:** Assisted in developing and maintaining responsive web applications.
  - **Agile Participation:** Participated in daily stand-up meetings and contributed to sprint planning sessions.
  - **Version Control:** Established a robust Git workflow for version control, leading to a 40 percent decrease in code conflicts and a 30 percent faster release cycle for new features
- **CodSoft Inc.** Remote  
*Frontend Developer (Full-time, Contractual)* July 2024 - AUGUST 2024
  - **Project Course:** Created professional resume using unsupervised learning and natural language processing.
  - **UI Implementation:** Collaborated with the design team to implement user-friendly UI components using HTML, CSS, and JavaScript, ReactJS, AngularJS and many more.
  - **Impact:** Enhanced user engagement by 30 percent through intuitive UI design and seamless navigation.

## PROJECTS

- **Apple Website Clone Project:** Engineered a high-fidelity Apple Website clone using React and Redux for the frontend, and Node.js and Express for the backend; integrated RESTful APIs to ensure seamless data communication with MongoDB, completed in August 2023.
- **Logistic Website(Frontend Development):** Developed a robust international transport and shipping system, ensuring faster and reliable service delivery. Streamlined shipment tracking and management, reducing delivery times and enhancing customer satisfaction. Tech: React, Node.js, Express, MongoDB, third-party APIs (December 2023).
- **Search Engine and Social Network(Web Development, Web Crawler, Search): (In Progress)** Created from scratch a social network and a search engine based on the idea of integrating Facebook and Google. The launched website was among top 1000 websites in India during 2012-2013. Tech: PHP, MySQL, HTML, CSS, WebSockets, JavaScript, XML ( Present '2024)

## HONORS AND AWARDS

- Achieved a notable Rank on Hacker Rank 2023 Global Quiz event and securing a global rank of 3767. - sept, 2023
- Engaged in rigorous practice and solutions for more than 2000 problems across diverse coding platforms. - july, 2024
- Achieved a Fully Professional Certification of Front Development From Meta. - Decemeber, 2023
- I like playing Badminton as a hobby and I have achieved positions in this sport at school level as well as College, University. My achievements are, I obtain 1st position in Interdepartmental, intra college tournament and 3rd position in University level (DCRUST, Murthal).

## VOLUNTEER EXPERIENCE

- **Community Lead at Developer Student Club CodeX** Sonipat, India  
*Conducted online and offline technical & soft-skills training impacting over 300 students.* Jan 2024 - Present
- **Event Organizer at College Level Developers Group Sonipat** Sonipat, India  
*Organized events, conducted workshops and delivered workshops reaching over 500 developers.* Jan 2024 - Present
